

I'm on my way home! But the roads are really confusing! Can you show me the way?

# Jesus Goes Home

After he had started to make a name for himself, and he had done a couple of miracles, Jesus went back to his hometown of Nazareth. But the people there didn't believe he was special, they just thought he was "the boy that lived across the street."

Jesus loved his hometown but had to go other places to perform more miracles.

Can you help Jesus find his way home through the maze, and colour his hometown?
